Uni-Pixel Displays, Inc. Completes \$12,000,000 Financing with Tudor Investment Corporation

THE WOODLANDS, TX - (PRNewswire) - February 14, 2007 – Uni-Pixel Displays, Inc. (OTCBB:UNXL), the developer of flat panel color display technology called Time Multiplexed Optical Shutter (“TMOS”), today announced that it has completed a \$12.0 million private financing involving the purchase of 3,200,000 shares of 8% Series B Convertible Preferred Stock at \$3.75 per share by entities advised by and affiliated with Tudor Investment Corporation. Each outstanding share of the Company's Series B Convertible Preferred Stock is convertible into five shares of the Company's common stock at any time.

Rob Broggi, Vice President and Director of Technology, Media and Telecommunications Research at Tudor Investment Corporation stated, "UniPixel's unique TMOS approach to color display technology is both revolutionary and disruptive, creating a significant opportunity for future growth. We are excited about our investment and look forward to working with a truly impressive team of managers and engineers at the company."

Reed Killion, UniPixel's President said, "The \$12.0 million Series B Convertible Preferred financing from Tudor enables UniPixel to further prototype development and begin the transition from an early stage development company to executing its business model of licensing TMOS display technology to existing flat panel manufacturers. We are pleased to have an institutional investor with an exceptional reputation like Tudor supporting UniPixel."
